WARNING

• Never play records in hand. Records do not recharge, disassemble or dispose of in fire.
• Dispose of used battery properly and in accordance with local environmental laws and guidelines. Keep away from children.

Precautions

• Operate the unit on the power sources specified in "Specifications."
• Always disconnect the power cord (main lead), pull it out by the plug, not the cord.
• Will always use a location near a heat source, such as a radiator or air duct, or in a place subject to direct sunlight, excessive sun, mechanical vibration, or shock.
• Always adequate air circulation to prevent internal heat buildup. Do not place the unit on a surface (a rug, blanket, etc.) or near materials that might block the ventilation holes.
• Do not use any old object or liquid fall into the unit, unplug the unit and have it checked by a qualified person before operating it any further.
• Do not clean the casing, use a soft cloth only. Do not use any solvent, such as alcohol or benzene, which may damage the finish.
• Do not connect the antenna lead to the external antenna.

NOTES ON LITHIUM BATTERY

• Dispose of used battery properly. Keep the lithium battery out of the reach of children.
• Do not use the battery if it becomes swollen, immediately, consult a doctor.
• Wipe the battery with a dry cloth to assure a good contact.
• Be sure to observe the correct polarity when installing the battery.
• Do not hold the battery with metallic tongs, otherwise a short-circuit may occur.
• Do not expose the battery to excessive heat such as direct sunlight or fire.
• Do not connect the antenna lead to the external antenna.

If you have any questions or problems concerning your unit, please consult your nearest Sony dealer.

Getting Started

Connecting to an AC power source

Connect the AC power cord to a wall outlet. The current in Central European and other countries is 230 V AC. Connect the AC power cord to a wall outlet. The current in Central European and other countries is 230 V AC. Connect the AC power cord to a wall outlet. The current in Central European and other countries is 230 V AC.

Setting the dock for the first time

All you need to do to set the dock for the first time is select your time zone. If you live in the Central European time zone, you do not need to adjust the area setting.

1 Press TIME ZONE.

Time zone "1" appears on the display.

2 Press TIME ZONE repeatedly to select a number as follows:

Area number	Time zone
0	Western European time
1	Central European Time (default)
2	South European time

The dock display switches to the current time of selected time zone in about 4 seconds.

If you live in a country/region other than your time zone

Refer to "Setting the dock manually" to set the correct time.

Note

• During shipping and your first use, a clock error may occur. In this case, refer to "Setting the dock manually" to set the correct time.

About Automatic DST/summer time adjustment

This unit automatically adjusts for daylight saving time (summer time). DST automatically appears on the display at the beginning of daylight saving time (summer time).

The Automatic DST/summer time adjustment is based on DST information.

Operations

Setting the dock manually

To change the dock setting manually, operate the unit as follows.

1 Press and hold ENTER/TIME SET for more than 2 seconds.

You will hear a beep and the last two digits of the year will start to flash on the display.

2 Repeat step 1 to set the month, day and time.

After setting the time, two short beeps will sound and the seconds will start increasing from zero.

Notes

• If you do not press any button for about 1 minute while setting the dock, dock setting mode will be cancelled.

Setting the sleep timer

You can fall asleep to the radio using the sleep timer, which turns off the radio automatically after a preset duration.

Press SLEEP.

The radio turns on. Each time you press SLEEP, the duration (in minutes) changes as follows:

90 → 60 → 30 → 15

OFF

The radio will sleep for the duration you set. Do not touch.

Press SLEEP.

To turn off the radio before the preset time:

Press ALARM RESET/OFF.

To use both the sleep timer and alarm:

You can fall asleep to the radio and also be awakened by the radio or sleep alarm at the preset time and buzzer.

Set the alarm, then set the sleep timer.

Note

• When the alarm is set to sound during the sleep timer duration, the sleep timer will be cancelled.

• When the alarm is set to sound during the sleep timer duration, the sleep timer will be cancelled.

• When the alarm is set to sound during the sleep timer duration, the sleep timer will be cancelled.

• When the alarm is set to sound during the sleep timer duration, the sleep timer will be cancelled.

• When the alarm is set to sound during the sleep timer duration, the sleep timer will be cancelled.
